NR530

Perfect for High-Activity Spaces

The Noblelift NR530 Ride-On Scrubber delivers industrial-grade cleaning performance in a compact and highly maneuverable machine. Designed for facilities that require powerful scrubbing performance in tighter spaces, the NR530 allows operators to clean faster, more efficiently, and with less fatigue than traditional walk-behind scrubbers. With its agile design and tight turning radius, the NR530 easily navigates hallways, retail spaces, warehouses, and commercial facilities while still delivering the productivity of a ride-on machine.

Why Choose the NR530?

Maximum Productivity

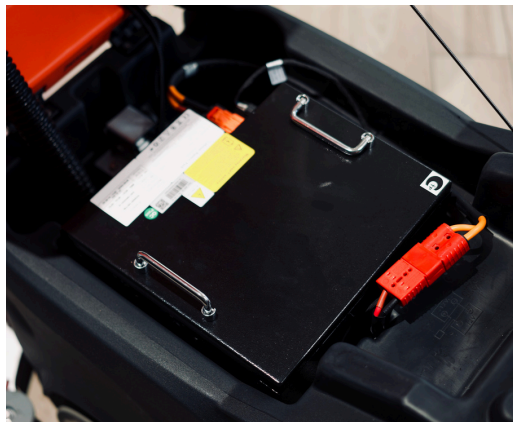

The NR530 can clean over 37,000 sq ft per hour, allowing facilities to cover large areas quickly while reducing labor costs.

Compact and Agile

Its compact chassis and tight turning radius allow the NR530 to easily maneuver through narrow aisles, doorways, hallways, and congested spaces where larger ride-on machines cannot operate efficiently.

Touch controls for adjustable water flow and variable agitation speeds.

Maintenance-free lithium battery with fast charging for reduced downtime.

External water level indicator for quick, at-a-glance monitoring.

Easy-access water refill system.

Quick and easy tank access for cleaning.

Easy-adjust squeegee with high-powered suction for fast, streak-free water pickup.

Ideal Applications

- ✓ Retail stores
- ✓ Shopping centers
- ✓ Schools and universities
- ✓ Hospitals and healthcare facilities
- ✓ Hotels and hospitality environments
- ✓ Distribution centers

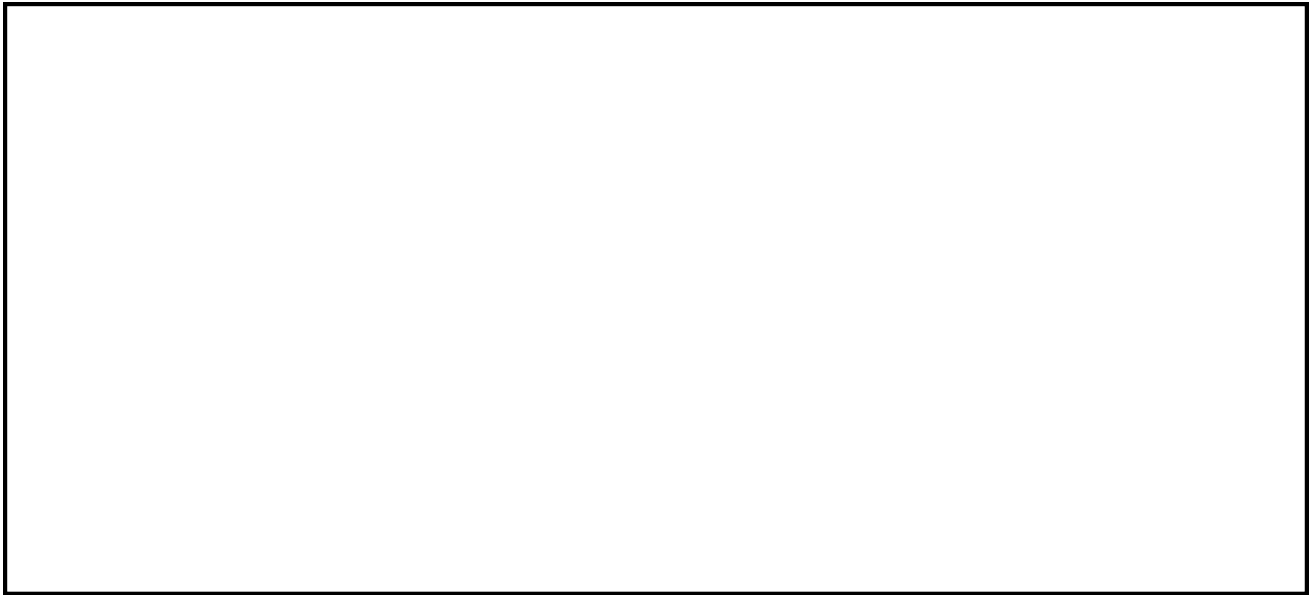

Built for Efficiency

Equipped with a powerful brush system and high-performance vacuum motor, the NR530 removes dirt, grime, and residue while ensuring fast water recovery for safe, dry floors. The optimized brush pressure and cleaning speed provide consistent results even in high-traffic environments.
